

SCIENCE CLASS CHALLENGE

TEACHER'S ANSWER KEY: Ozone Depletion Worksheet

Instructions

Using the Illustration, Label the Following Steps in Ozone Depletion (not in order):

- Chlorine and Oxygen Bond
- CFCs Take Years to Reach Stratosphere
- Less Oxygen is Available to Form Ozone; Results: Thinner Ozone Layer
- Chlorine is Split from CFC
- More UV Light Reaches Earth
- UV Light Breaks Down CFCs

Participate in the CAPCO Science Class Challenge and qualify to win up to \$5,000. Visit www.nofcs.org.
